

## Discussion starter: The Perfect Candidate's Top 5 Concerns by ACT Commonwealth Electoral Division

The following are priorities from some ACT voters identified as part of a project called 'The Perfect Candidate'. The Perfect Candidate was developed from a survey of 125,000 Australians as an initiative of the Australian Futures Project with collaboration from Isobar, Cox Inall Change, Roy Morgan market research and The Centre for Data Analytics and Cognition at the La Trobe University Business School.

ACTCOSS present these priorities as a discussion starter for the electorate café groups during the ACT Decides election forum on 28 April 2019.

On the day, candidates are invited to consider and discuss these and other priorities in their electorate groups with members during the ACTCOSS election forum. Where responses to these issues, variations or entirely new issues emerge, you are welcome to note these down on the A3 electorate maps during discussion.
